

FREE FAFSA FILING PREP

FOR FREE, The RETIREMENT DREAM FOUNDATION (RDF) will calculate (a) Expected Family Contribution (EFC), (b) Anticipated financial aid award and cost of college, (c) Cost to finance an education at your student's colleges and (d) 4-year and 6-year graduation rates.

We will also provide **FREE** an Answer Key to FAFSA questions, based upon information you provide us, so you can simply go to fafsa.ed.gov and input the Answers in the appropriate places or file a paper FAFSA. The free Filing prep will require additional, more detailed information from you.

Some questions on this form help us determine anticipated financial aid; others assist the illustration of all possible ways to finance college. All information is kept confidential and using your last name is optional for this initial information.

The **FREE REPORT** will be delivered to your valid email address.

Answers to questions in **YELLOW** are the minimum required.
The more info you provide us, the better results we can provide.

Please scan/email completed form to
answers@retirementdreams.org
or fax it to 877.638.3573

Parent First Name

College 3	

If the Student's birth parents are divorced, complete this form with information about the parent with whom the Student resided/will reside at least 50% of the days of the Student's senior year in high school. IRS tax form Dependency status is irrelevant for financial aid.

RDF uses the Federal Methodology to calculate your estimated EFC and cost of college. By initialing below, you acknowledge that the Retirement Dream Foundation (RDF) cannot guarantee the amount or receipt of financial aid that is awarded at the discretion of individual college Financial Aid Officers. You must provide a valid email and initial below for your FREE Report.
